GOVERNMENT OF INDIA
DEFENCE
LOK SABHA

UNSTARRED QUESTION NO:2673
ANSWERED ON:17.03.2017
Weather Control and Modification Technique
Jaiswal Dr. Sanjay

Will the Minister of DEFENCE be pleased to state:

(a) whether the Government has taken note of threat posed by weather control and modification techniques developed by the neighbouring country China;

(b) if so, the details thereof; and

(c) the corrective measures taken by the Government in this regard?

Answer

MINISTER OF STATE (DR. SUBHASH BHAMRE)
IN THE MINISTRY OF DEFENCE
????? ????? ?????? (??. ????? ?????)

(a) to (c): Government has seen reports about weather modification infrastructure established by Chinese Meteorological Administration which deals with weather modification requirements to help agricultural production, alleviate water scarcity, disaster prevention and mitigation and protect ecology etc within the geographical domain of China. However, Government keeps a close watch on all developments having a bearing on our national security and takes necessary measures to safeguard it.
